

# Chawla Orthodontics and Dentistry for Kids

APRIL IS FOR SMILES

PARTNERING WITH YOU TO CREATE CONFIDENT, HEALTHY SMILES

## Helping Your Patients Bloom with Beautiful Smiles

As spring rolls in, we're excited to share that April is for Smiles at Chawla Orthodontics & Dentistry for Kids!

### 1. Spring into Treatment

April and May are ideal for orthodontic starts. Families are eager to begin treatment before summer break—and we're ready to deliver confident, healthy outcomes with braces or clear aligners.

### 2. Referring Made Simple

We've included a fresh stack of referral postcards for your front desk or treatment coordinator. If you ever need more, we're happy to drop off extras—just let us know!

Let's continue working together to give your patients every reason to smile.

Warmly,

**Dr. Sumit Chawla, DMD, MBA**

Board Certified Orthodontist

## Family-Friendly Orthodontics for All Ages at Chawla Orthodontics

One of the best parts about choosing Chawla Orthodontics is that it's truly built for the whole family. Our practice features one dedicated orthodontist and two pediatric dentists under one roof, making it a convenient and trusted one-stop shop for patients of all ages. This means your child can get gentle, specialized dental care while an older sibling or parent consults about braces or aligners - all in the same kid-friendly office. We pride ourselves on creating a fun, welcoming environment: kids can enjoy picking out colorful rubber band hues for their braces (think springtime colors!), and adults appreciate the comfortable, professional care (with options like clear brackets or nearly invisible aligners for a subtle look).

Spring is the perfect season to take that step for your family's smiles. At Chawla Orthodontics, our team is here to guide you through the process, whether it's your child's first time in the dental chair or you're an adult finally treating yourself to the smile you've always wanted. Let this spring be the start of a healthier, more confident grin for every member of your family. Get in the spirit of renewal and schedule a spring orthodontic consultation with our friendly team - we'll make sure your journey to a straighter smile is as enjoyable and rewarding as the season itself. Here's to springtime smiles that bloom bright all year round!

## Why Families Choose Chawla Orthodontics & Dentistry for Kids

## Oral Habits to Monitor in Growing Children

If a child is experiencing any of the following, consider scheduling a complimentary orthodontic consultation to discover how orthodontic treatment can help.

- Early or late loss of baby teeth
- Teeth speech difficulties
- Difficulty in chewing or biting
- Biting the cheek or the roof of the mouth
- Mouth breathing
- Facial imbalance
- Jaws that shift or make sounds
- Grinding or clenching of teeth

## Before and After Success Stories

At Chawla Orthodontics, we're transforming smiles and lives. Here's one of our favorite transformations from last year.
